

## Ram Vans Offer Versatility For Wheelchair Access

Ram vehicles are a popular choice for a variety of wheelchair accessible conversions, and what better choice than paired with a mobility conversion manufactured in Canada. We are pleased to offer Malley mobility vehicles. This company has a 40-year track record manufacturing the highest quality specialized vehicles. Whether the need is for one-person accessible transportation or a van that will accommodate multiple wheelchairs, there is a mobility conversion to meet all needs. Our mobility specialists are pleased to work with you.

## The Ultimate Wheeled Passenger Carrier Dodge Grand Caravan with a Lowered Floor Malley Mobility Conversion

When it comes to economy, you can't beat the value of the Dodge Grand Caravan with a rear-access lowered-floor mobility conversion. The Grand Caravan has been in the market for many years and has proven its reliability. Spacious and versatile, the affordable lowered-floor mobility conversion is available on a variety of Grand Caravan models and is ideal for families, care homes, schools, hotel shuttles and taxi services. It carries one safely-secured wheelchair passenger and four seated occupants (including the driver). When a wheelchair is not being transported, an optional flip-down fold away seat can accommodate two more seated passengers.

- 91" long, 31" wide and up to 56" opening
- Spring-assisted manual non-slip ramp
- Heavy duty non-slip flooring

- L-TRACK wheelchair retractors
- Double weather stripping
- Side entry van also available

## Ram ProMaster Mobility Conversion

A Ram ProMaster wheelchair accessible conversion is the perfect solution for special care facilities and commercial transportation service providers. Featuring a variety of seating / wheelchair combinations and a contoured, OEM-style interior, a conversion on this van is ideal for the varied needs of commercial paratransit services.

Commercial mobility conversions are available with an optional Smartfloor track system. This system provides the flexibility to position and easily reconfigure seating and wheelchairs.

- Variety of flooring options available
- Side or rear wheelchair lift (Braun or Ricon)
- Multiple seating and wheelchair configurations available
- Retractable wheelchair restraints

- Meets CSA D409 and CMVSS Safety Standards
- Flexible wheelchair/seating configurations available using Smartfloor track system
- Available with an easy-to-clean, energy-absorbent thermoformed interior

Our mobility specialists will be happy to assist you in determining which accessible conversion best suits your needs. We are pleased to offer Malley mobility conversions. Malley is a Qualified member of FCA's Ram Q-Pro Program.
